CONNECTION GRANT APPLICATIONS DUE March 15, 2010

The next round of applications for RAD Connection Grants are due in the District office by the close of business on Monday, March 15, 2010.

The goal of this program is to support the implementation of a range of new collaborative efforts that will lower overhead costs thereby sustaining and enhancing programming.

Connection Grants will be one time project grants designed to directly assist in the implementation of new asset connections including the following:

- ✓ Actual merger of assets resulting in a reduction of overhead costs or that will otherwise sustain the asset's level of service to the community.
- ✓ Agreements between or among assets to share a significant portion of administrative costs and or facilities for a minimum of three years.
- ✓ Projects by single or multiple assets designed to foster collaborative efforts in the areas of administration, marketing, revenue enhancement and expenditure control.

Application forms and information can be found at radworkshere.org and look under Work with Us/Forms.
