Introduction

The Allegheny Regional Asset District is an area wide special purpose unit of local government that exists under authority of Pennsylvania Act 77 of 1993. The area of the District is the same as Allegheny County, Pa. The purpose of the District is to distribute one half of the proceeds from the one percent county sales tax revenue to projects and facilities designated as regional assets. The act specifically describes those assets as civic, recreational, sports and cultural facilities, libraries and other entities as determined by the Board of Directors.

Grants to regional assets are made through a public budget process. Under the Act, the District is required to prepare a preliminary budget ninety days prior to the end of its fiscal year, which is the same as a calendar year. It then must adopt a final budget thirty days prior to the end of its fiscal year. Final allocations must be supported by six of the seven voting Board members who are required to hold a public hearing on the proposed budget.

This budget and individual allocations are subject to modification if necessary.

Certain assets have been given status as “contractual assets”; that is, they have contracts with the District guaranteeing funding for a period of five years (thru 2024). In addition, the District has entered into a multi-year commitment with the Sports and Exhibition Authority related to finance facility long-term debt service. The District has also elected to fund other organizations referred to as “annual assets” which means they must apply for support consideration each year. The budget is organized to reflect these three asset categories.

Questions or comments concerning the budget may be addressed to the District in writing, via appearance at a public hearing or during the public comment period held at each regularly scheduled Board meeting. A schedule of meetings as well as additional information may be obtained from the District office at:

436 Seventh Avenue, Suite 2201
Pittsburgh PA 15219
(412) 227-1900 or Fax (412) 227-1905 TT 1-800-654-5984
e-mail: info@radworkshere.org http://www.radworkshere.org
Board Members:

We are submitting for your consideration a final 2021 budget, which would authorize grants totaling $101.4 million. The final plan is $50,000 higher than the preliminary budget released on September 24th. The changes reflect capital support adjustments to the City of Pittsburgh Regional Parks and the County Regional Parks as required by law.

As you know, there is, by design, a two-month period between the announcement of our preliminary budget and adoption of the final budget. This time allows RAD to monitor revenue, to hear from the public about the proposed allocations, and to review any changes in conditions at the proposed assets.

While we are encouraged by the strength of current revenue trends, we believe that proceeding with a conservative budget at this time is prudent due to economic uncertainty and consumer purchasing behavior as a result of the pandemic. The 2021 budget will be funded by an estimated $100.4 million in new sales tax receipts with the balance coming from the District’s grant stabilization fund. The Committee will continue to closely monitor revenue and revisit the budget to make adjustments if appropriate.

We applaud the resilience and creativity of our regional assets in these challenging times and are encouraged to see the ways in which they have continued their work, which is as vital now as it’s ever been. While our 2021 budget recommendation is conservative in light of the pandemic, we remain committed to being a steady and reliable source of support to our assets. We take our stewardship of taxpayer dollars seriously and are confident that the work being done on account of RAD is strengthening our region and keeping our communities inspired in these difficult times. We look to a brighter future with the hope that RAD support will only grow as the pandemic subsides.

The budget includes grants to 103 organizations and maintains the historic distribution of funds with libraries and parks receiving over 62%; sports facilities and the convention center 14%; arts and cultural organizations 12%; regional attractions (the Zoo, Phipps and Aviary) 8%; transit 3%; and RAD administrative expenses at less than 1% of budget. Included also is an increased line item for project grants, which will support cost-saving partnerships among our assets, and projects that promote and enhance accessibility and inclusion.

We are submitting a resolution with this report that provides the necessary grant approvals and authorizations for staff to implement the budget.

Lastly, we have reviewed the capital grant extension and change of purpose requests as suggested by the board last year. These requests, which are to be considered later on the agenda, are reviewed annually as capital grants expire after two years and not all projects are completed in that time. The Committee believes these requests are reasonable, especially in light of the pandemic, which caused unforeseen delays. While the assets need more time to complete projects, most of the projects on the list will be completed early in 2021.

Submitted by the Allocations Committee
Hilda Fu, Dan Griffin, Tony Ross

Revenue

The District’s main source of revenue is one half of the proceeds from the Allegheny County 1% Sales and Use Tax. This tax is levied on the same base as the Pennsylvania Sales and Use Tax. The other half of the tax goes to Allegheny County and the municipalities within the county for tax relief, general government purposes and aid to councils of government and/or regional programs. The District’s 2020 tax revenue budget of $103.5 million was revised during the year due to the COVID-19 pandemic. 2020 actual revenue is $100.2 million which exceeded the mid-year revised projection of $97.5 million. This figure is net of collection costs retained by the Pennsylvania Department of Revenue estimated to be $1.5 million for the District’s share of the sales tax.

The following chart illustrates the actual receipts from 1996-2020 with the projection for 2021. Although the District enjoyed growth in most years up through 2000, tax receipts began to level in 2001. Revenue returned to a growth mode in 2005 but declined during the 2008-2009 recession. Some growth in revenue in 2010 is attributed to one time delinquent tax collections but 2011-2013 growth appears related to economic recovery. The growth level sustained in 2014, slowed in 2015 and 2016, and grew in 2017, 2018 and 2019. 2020 sales tax revenue has decreased over 2019 due to the impact of COVID-19 but not as significantly as originally projected during the pandemic onset. At the time of this publication both non-motor and motor vehicle sales tax revenue have been trending in a positive direction. 2021 budgeted revenue is $100.4 million.
Interest earnings for 2021 are budgeted for $50,000. In order to balance this budget, $1.0 million will be needed from the District’s grant stabilization reserve fund.
Allocations

Out of a total allocation budget of $101.4 million, the District will allocate $74.1 million to contractual assets, $12.6 million to civic and cultural facilities and programs through annual grants, $13.4 million to a multi-year asset and $975,000 to administration. The operating grants amount to $99.1 million or 97.7% of the budget while capital and programming grants amount to $2.3 million or 6.5% of the budget. Administrative costs will use less than 1% of the allocations. The chart below illustrates the various general categories supported by the allocations. In addition to the contractual assets and a multi-year debt service agreement, 94 organizations will receive operational funding support.
Budget Process and Policy Objectives

The preparation of the budget follows an application process, which included public announcements, hearings and meetings, and evaluation of eligible requests. Applicants were given the opportunity to make a presentation to the Board of Directors and/or Citizens Advisory Board over the course of seven days of public review sessions. Applicants were asked to address financial position and sustainability, if their organizational structure was adequate to operate efficiently in 2021 and if they have explored any strategic and/or operational alliances or shared staff or services with other assets/non-profit organizations. A preliminary budget was publicized and public comment on the proposal was gathered and considered before this final budget was passed.

The Board adopted a set of goals and priorities for evaluating the requests:

- To sustain and enhance the growth and quality of a diverse group of well managed and financially sound District based regional assets.
- To extend the benefits of asset programming to the widest possible audience.
- To encourage the involvement of young people as both audience and participants in asset activities.

Applicants were evaluated in four areas:

- Governance - including an active and involved board, realistic measurable goals; progress toward meeting the goals, regular strategic planning, accurate and timely financial reporting; realistic projections, operating within means, diversification of revenue, utilization of cash flow monitoring and ability to deal with financial stress (e.g. available cash reserves, low debt); efforts to reduce administrative and overhead costs through cost sharing initiatives.
- Programming - including scheduled, quality programming, outreach, audience development and community impact.
- Diversity - including efforts to encourage and to sustain board, staff and programming diversity through implementation of coherent diversity plans.
- Accessibility and Inclusion - including efforts to accommodate and increase participation by people with physical and cognitive disabilities.

Following is a list and description of each organizational grant and detail on the District’s 2021 administrative budget.

Allocation Descriptions

**Contractual Assets**

**ALLEGHENY COUNTY LIBRARY ASSOCIATION**
$6,748,103 (Operating)

The Allegheny County Library Association (ACLA) is a consortium of 46 member libraries that have joined to promote sharing of library services and resources. The Association is proposing to distribute the funds based on a formula that takes into account base support, distress, collection usage and population. The formula and distribution is subject to District Board approval. Funds also support bookmobile service and administrative costs. It is expected that ACLA will collaborate with CLP in expanding Shared Services offered to all libraries in the county.

**ALLEGHENY COUNTY - REGIONAL PARKS**
$22,290,190 (Operating) $1,003,706 (Capital)

Allegheny County operates nine regional parks, which comprise nearly 12,000 acres and include natural settings, picnic areas, recreational facilities and fields.

The District’s operating funds would be used to support the general operation of parks, including such items as salaries, materials and repairs. Capital funding would be used for various park renovations including shelter and facility repairs, recreational facilities, tennis court replacement, and infrastructure repairs including utility line replacement and catch basin repairs.

**CARNEGIE LIBRARY OF PITTSBURGH**
$21,640,663 (Operating)

The Carnegie Library of Pittsburgh serves not only as the principal library for the city and many non-city residents, but also as a district center and one of four resource libraries in the State of Pennsylvania. The District’s funds would be used for general operating support. It is expected that CLP will collaborate with ACLA in expanding Shared Services offered to all libraries in the county.

Carnegie Library is the fiscal agent for the Electronic Information Network (eiNetwork/eiN). Carnegie Library and ACLA jointly manage the eiNetwork, which is responsible for the Integrated Library Software system (used by all library staff), as well as internet access used by all libraries in the County and the online Library Catalog available via the Web (used by the public). The eiNetwork oversees the high speed fiber network that connects all libraries.

**CARNEGIE LIBRARY OF PITTSBURGH - E Resources Grant**
$237,606 (Operating)

Funds would be used for downloadable resources for City and County Libraries.

**CARNEGIE MUSEUMS**
$3,305,040 (Operating)

The Carnegie Institute includes the Museum of Art, the Museum of Natural History, the Carnegie Science Center, the Andy Warhol Museum and the Music Hall. Funds would be used for general operations.

**CITY OF MCKEESPORT - RENZIEHAUSEN PARK**
$760,704 (Operating)

The City of McKeesport operates a 257-acre park, which is made up of various natural settings, recreational fields and facilities, and a heritage center. The District’s operating funds are used to support the general operation of the park, including such items as salaries, materials and repairs.

**CITY OF PITTSBURGH – REGIONAL PARKS**
$6,199,359 (Operating) $1,003,706 (Capital)

The City operates five qualifying regional parks: Frick, Highland, Riverview, Schenley and Emerald View. These parks have a mixture of natural venues as well as recreational facilities.
The District’s operating funds would be used to support the general operations of the parks, including such items as salaries, materials and repairs. Capital funding would be used for lighting upgrades, road resurfacing within the regional parks, landslide remediation and various park improvements.

THE NATIONAL AVIARY IN PITTSBURGH
$1,291,522 (Operating)

Once part of the City’s park system, the Aviary began operations as a private non-profit organization on July 1, 1992, under a 25-year lease agreement with the City of Pittsburgh. The Aviary has 500 birds representing various continents and houses them in a facility located in West Park.

The District’s operating funds would be used to support the general operations of the facility including salaries, utilities and repairs.
